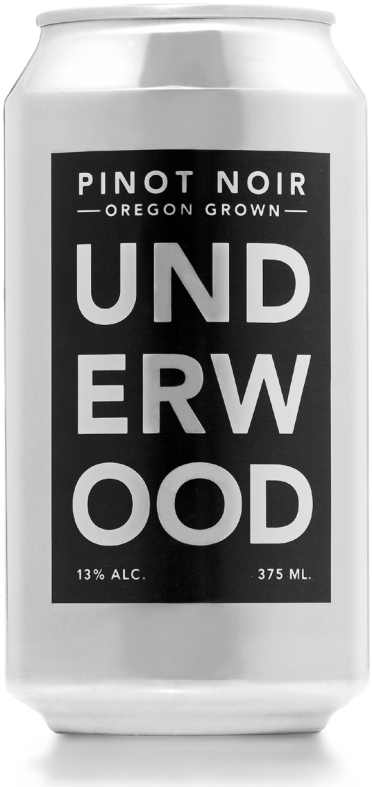
UNION WINE CO.

MADE IN OREGON



YES. THIS IS WINE IN A CAN.

YOU'RE WELCOME.

It's hard to keep your pinky up when you're drinking wine from a 375 mL can. These are the most approachable and ready-to-travel anywhere wines we produce. Whether you're sitting in a hot tub after a good day of riding or heading where other wines dare not travel, we have you covered without sacrificing the craft taste Union is known for.
