Kings Ridge  
**GRIS**  
2022 Oregon  
WILLAMETTE VALLEY

“Soft, rich, and textured with a focused acidity that balances and carries the wine.”

**Meredith McGough**  
Winemaker

## OREGON'S WILLAMETTE VALLEY IN A BOTTLE

Kings Ridge wines are the heart of Union Wine Company. Kings Ridge Pinot Gris is a focused and aromatic wine that brings to life the vibrant complexity inherent in the wines of the Willamette Valley. Our ability to incorporate grapes grown solely in the Willamette Valley growing region of Oregon give Kings Ridge wines their north star.

The Kings Ridge Pinot Gris is made with hand-harvested Pinot Gris grapes, primarily from vineyards on the eastern side of the Willamette Valley belonging to and farmed by two of our favorite growers: Bernie Bielenberg and Gayle Goschie. This fruit was harvested throughout the second and third weeks of October, pressed whole cluster, clarified using floatation, allowed to ferment slowly at cool temperatures over 4-5 weeks in contact with a judicious volume of lees to elicit texture and palate breadth before being blended and bottled at the end of January. Fermentation was halted with just under 2.5 g/L residual sugar for plumpness to fill out around the zesty acidity of the 2022 vintage.
